9. [REDACTED] Robert Hull, Department of State, called on our retirement legislative proposals which were in the Department for comment to the Office of Management and Budget. I explained some of the legislative history of the transfer of Government contributions provision which Hull was unaware of. Hull felt we had a nice tight legislative package and gave every indication that the Department would favorably comment by the 2 August deadline set by the Office of Management and Budget.

Mr. Hull was particularly interested in what reaction we received on our funding proposals, and I told him as in the past we would keep him advised on developments.
